

## NOTES FOR SELECTING A TEAM SUIT:

Please consider swimmers come in "All Shapes and Sizes." Young Bellies and Mature Bustlines may be best suited with a thicker strap and/or smaller back  
 If you are looking for a more durable suit we suggest a "Polyester Suit." These suits are made with a thicker, more durable material that takes longer for the chlorine to break down. There are Durafast Elite 300+, Durafast Lite 200+, Endurance +, Poly Blend, Performance Poly, 100% Poly, Max Life, and Aqua Infinity Poly  
**LYCRA** also has it's benefits: Additional stretch for a more comfortable fit. Holds less water for a faster racing suit. Lycra Blends: PowerFLEX Eco, XtraSleek Eco, Poly Fusion, PRO LT, Nike NX Lycra, and Graphalite Lycra

Be prepared to give us your top 3 choices. The vendors will only cut so many suits, once they are gone...we will have to move to your next choice. The earlier you choose, the better chances your
